

Santos Guillermo Garcia-Zeas was born on February 10, 1980 in Santa Rosa Del Penon, of Leon Nicaragua, the area of Hota Viejo to parents Antonio Garcia Vallejos and Petronila Flores-Zeas. He attended five years of school in Santa Rosa Del Penon, Nicaragua and began working on his father's cattle ranch. He worked on his father's ranch before going to work in the coffee fields in Costa Rica. During this time two daughters were born, Anayeli in December 2001 and Jarely in January 2007.

Santos moved to the United States and worked in Miami doing sheetrock and landscaping. In 2013 he started working for the East Marshall Dairy in South Dakota. In 2015 Santos met Kelly Tchida in Veblen, South Dakota and their relationship began. Santos and Kelly were married on December 15, 2023 at the Roberts County Courthouse in Sisseton, SD. Santino "Tino" was born March 30, 2016. They established their home in Veblen and began their life together. Santos always wanted a home and a family and that happened.

During their time together he and Tino enjoyed walks to the park and getting snacks from the store in Veblen. Santos liked spending time together doing chores with Kelly. He had a passion for eating and cooking (and making a mess in the kitchen!). He was a great cook and was particular about his food. He loved a reason to use the grill and family cookouts. Santos enjoyed visits from family when they were around. He was a very loving husband and father; who was very attentive to us all.

Santos was a quiet person, when he wasn't working, he enjoyed his time watching Spanish movies on Netflix and cooking meals for his family. He would let Kelly sleep in on Saturday mornings and cook for her. You would often find Santos playing his favorite machines at the casino. He would play with his nieces and nephew who came to visit. He wasn't big on socializing. He lived his life very quiet and humble, peacefully. He loved the family dog, Papi and would call him his Lil son.

Santos was surrounded by his family when he passed away on October 2, 2024 at Sanford Medical Center in Fargo, North Dakota due to complications with his diabetes and pneumonia.
