

# Obituary

Sandra Kay (Tobeck) Sager was born on October 14, 1941 in Wheaton, Minnesota (Windsor Township). Sandra graduated from Browns Valley High School on May 28, 1959.

Sandy was baptized on October 19, 1941 at her home by Lillian Miller. She was confirmed on April 3, 1955 by Pastor Binger, remaining strong in her faith and church at St. John Lutheran Church. Her sponsors were Frank and Alvina Schmidt and Helen Olson.

She enjoyed attending many functions and events throughout the years which brought her much joy and peace. Sandy met Delbert Sager at the Wheaton hospital where she worked for a short time. They married shortly after in 1969 they had one child Kimberly. Although short lived, he and Sandy did have good memories and moments together joined as one, that she still spoke of and referred to as the love of her life.

Sandy enjoyed family gatherings everywhere, but especially at her mom Dora's where there was never a dull moment!! Those were some of the best times of all our lives where so many hearts were touched and memories made.

Later on, she enjoyed her TCC family and friends- some of you that are here today which brought smiles, tears, laughter and spicy moments of course. Also, for keeping everyone on their toes- for that she is eternally grateful for everyone who touched her life!

Sandy is survived by her daughter Kim (Todd) Stordahl, Miranda (David) Cherry. Chris (Veronica) Minor; along with her grandchildren, great grandchildren, many nieces and nephews; close family and friends by heart.

Sandy is preceded in death by her husband Delbert Sager; her parents Henry and Dora Tobeck; siblings: Ione, Milton, Gary, Verdeen & Vergil, and Eunice; brother-in-law Kenny; Gene Sager and Sherylin Martinek.

Riley Minor   Christopher Minor   Todd Stordahl

### **Honorary Pallbearers**

Deb McTighe   David Cherry

### **Interment**

St. John Lutheran Cemetery - Wheaton, Minnesota

*Sandy did not have a lot of gold or shiny things, although she did possess a heart of gold! She was always trying to help or make others feel comfortable in their surroundings without judgment. Sandy was quick to lend a listening ear (which she probably only heard half of, followed by an "Oh, hahaha.") In Sandy's earlier years you could always find her walking around town, or riding bike. So next time you are walking or riding bike, and feel the sunshine hitting your face just right, think of Sandy living in the moment. Or perhaps even in line at the store- maybe the person in front of you is a bit short or maybe having a bad day and just needs a hug. Help them with an open and pure heart, because at the end of the day the material items we possess mean nothing. It is the mark that we leave behind that matters most. Make your journey a positive one and leave behind genuine love, compassion and empathy for others. I believe Sandy would love to see people practicing and applying their faith as many have done before us- as Sandy did with a pure heart.*
