## What is a Mother

A mother is someone to shelter and guide us,  
To love us, whatever we do,  
With a warm understanding and infinite patience,  
And wonderful gentleness too.  
How often a mother means swift reassurance  
On soothing our small, childish fears.  
How tenderly mothers watch over their children  
And treasure them all through the years.  
The heart of a mother is full of forgiveness  
For any mistake, big or small.  
And generous always in helping her family  
Whose needs she has placed above all.  
A mother can utter a word of compassion  
And make all our cares fall away.  
She can brighten a home with the sound of her laughter  
And make life delightful and gay.  
A mother possesses incredible wisdom  
And wonderful insight and skill ~  
On each human heart is that one special corner  
Which only a mother can fill!
